## Check out our dates and short descriptions on weekly themes below!

### Week 1

**Dates:** July 8, 9, 10

**Weekly theme:** Sensory Exploration

Enjoy a week of sensory learning featuring customized activities to engage touch, smell, hearing and more! Learn how wildlife use these senses to survive in the natural world!

### Week 2

**Dates:** July 15, 16, 17

**Weekly theme:** Habitats

Learn about the habitats that wildlife rely upon for survival and explore those habitats here on our community campus!

### Week 3

**Dates:** July 22, 23, 24

**Weekly theme (5-9 year old):** Nature Games

Enjoy a week of active learning through nature-based play both indoors and out. This is the perfect opportunity for some high-energy learning!

**Weekly theme (10-14 year old):** Wildlife Clinic and Ambassador Care

Learn what it takes to care for injured and orphaned animals in rehab and even get the opportunity to lend a hand in the caretaking of animals in care at Center for Wildlife!

### Week 4

**Dates:** July 29, 30, 31

**Weekly theme:** Sensory Exploration

Enjoy a week of sensory learning featuring customized activities to engage touch, smell, hearing and more! Learn how wildlife use these senses to survive in the natural world!

### Week 5

**Dates:** Aug 5, 6, 7

**Weekly theme:** Habitats

Learn about the habitats that wildlife rely upon for survival and explore those habitats here on our community campus!
